The May 12, 1993 meeting minutes were reviewed and approved.

2. Status Action Items

3. Status Closure Activities

- Discussion of NOD comments.

Ecology (J. J. Wallace) stated that the original 48 comments on the NOD response table have been addressed. However, there would be additional comments from the new unit manager (see New Business below). Ecology also stated that the NOD response table and new comments would miss the June 15, 1993 deadline, ~~but that they should be issued before June 25.~~ *JOE MARTIN RJK*

WHC (J. G. Adler) raised the issue of restarting the 90-day response schedule for the new comments. Ecology stated that they did not have an objection to this. WHC stated that some additional discussion within DOE-RL and WHC was needed before this could be finalized. It was agreed that informal response between the Ecology and DOE unit managers would be provided by June 16.
